

CHRIS & TERI
MEETING MINUTES – SELECTIONS MEETING
Heather, Teri
August 31, 2022

Action items are in bold underline

1. Heather gathered samples of product selections to put together a design palette. All looks really good together. **Heather will get the white satin cloud sample** to compare to the countertop to ensure the whites go well together.
2. Tiles:
 - a. Shower tiles: marble 4"x16" glossy tiles for walls, smaller marble hexagon mosaic tiles for floor and inside of niches. Approved.
 - b. Kitchen backsplash: the two hexagon samples Heather brought weren't quite right – **Heather will look for a more matte white large hexagon tile.** Very light gray grout.
 - c. Dogshower: the smaller marble hexagon mosaic tiles for the floor (same as shower), and whatever tile is chosen for the kitchen backsplash for the walls.
3. Laundry room – Teri sent sketches of what they would like for the laundry room. Ikea Sektion upper cabinet boxes (2 – 30" boxes) above washer and dryer, and one 24" upper cabinet box on east laundry room wall, with Enkoping white doors. Hanging rod between upper cabinet sections. Room under east cabinet for drying rack and a small table (Teri and Chris will get) under the hanging rod section. A shelf above the washer/dryer. **Heather will price out.**
4. Lighting – Wilsons have found some lighting fixtures they like. Teri will order the island pendants. Heather will order the dining room chandelier: will wait to see if there is a Labour Day weekend sale. Still considering fixtures for the bathrooms. Likely 2 wall-mounted fixtures in ensuite above one large mirror.
5. Ensuite mirror – Teri would like one large mirror, still deciding on that.
6. Paint colours – will be white throughout. Same white for everything, just different sheens (eg flat for ceiling, semi-gloss for trim, etc.). Leaning towards CC-30, but will wait for kitchen cabinet white sample to make final decision.
7. Master closet built-ins: Wilsons like built-ins from Wayfair. **Heather will see if configurations they want are available for the sizes of the closet sections.**
8. Barn door: discussed options for looks. Heather will send options.
